Submission of Substitute Sequence Listing

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Submitted herewith is a paper copy and computer-readable form (CRF) of a substitute Sequence Listing for the above-referenced application.

Specifically, in row 865, "tgacctgggc" has been changed to "tgacctgggc". Applicants assert that the correction is of minor character and occurred in good faith. Furthermore, Applicants assert that the correction is of a clerical nature, does not involve new matter, and does not require further examination. Support for the correction can be found in the original figures and in the specification, for example in Figure 5. As such, no new matter is introduced by the substitute Sequence Listing.

Respectfully submitted,

David R. Marsh (Reg. No. 41,408)
Milan M. Vinnola (Reg. No. 45,979)
